

Dear Dad,

I arrived safely
and am now in some
barracks waiting to
go to breakfast.

Boot camp for
us only lasts 6
weeks but it
probably won't
start for a week
or so. We don't
get out any.

We had a nice stay
in New Orleans

Dear Dad + Grandmother,

I arrived last night at 7:30 and got to the base around 10: and was assigned quarters which seem to me to be very good.

I probably won't get a uniform for 3 or 4 days. The boot camp here last only 6 weeks and seems to be very easy but I won't get out of 100 yards square except on occasions and will never leave the base.

I will either go to Memphis or Norman after boot camp, probably Memphis. I will either go to Ordance, Radio or Mechanics school, depending on what I make on the aptitude test, but

in any case I will be a grand old

I like it swell here so
for. all the boys are combat
rivermen, in the foot camp and
they are all' every high-type
of boys. They come from all
over the U. S. A. but there are
a good deal money 2 extras
here and everyone seems to
respect you when they find
out you are from 2 extras

Love y
Frank

P. S. They said I would get
no leave to go home for 9
months or less of 2 S.
