ARMED SERVICES AND CIVILIANS PAY TRIBUTE TO COMRADES OF TWO WARS—Paying tribute to comrades of two World Wars, service men and women yesterday marched with civilians in a huge Armistice Day parade through downtown streets. The upper picture shows sailors from the Naval Air Technical Training Center; the center, WACs from Camp Blanding, and below Coast Guardsman Leland White and Sailor E. W. Overby salute the flag which headed the column of London Lionettes shown in the background.

As Jacksonville Observed Its 27th Armistice Day

—Staff Photos by Leo Witt.

The camera's eye was on today's parade, too, and these are among sights it saw. Marching as expertly as their brothers-in-arms, some 150 members of the Wac detachment from Camp Blanding (top picture) stepped through crowd-lined Jacksonville streets. They were led by Lieut. Josephine Kenny.

Graduating "boots" from the Naval Air Station (lower picture) added color and precision to the long procession.

They Give the Naval Air Station a Collegiate Atmosphere

A cheering section adds to the collegiate football atmosphere to the Naval Air Station's home games at Mason Field this season. Here's a scene from the Station-Miami Naval Training Center

game last Saturday, showing "boots" from the Recruit Center spell out "U. S. N." in blue against a background of white uniforms. The Station's Fliers decisively whipped Miami's Naval Tars, 39 to 13.
