A.H. M. SCHOOL
MEMPHIS, TENN.
Bk. 50.

Dear Folks,

We all here I am writing again. I need some money for a Tailor made uniform which I have made a deposit on, I must have it pretty quick. I also need some extra money.

I probably won't be able to send any Xmas presents this year because I don't have a time or place to buy them. I can't get a picture taken because the places are closed at night and I don't get off in the daytime again until Xmas. I get off for Xmas Sat. and don't have to be back until I see morning and I might be able to make it to Jefferson but I will need more money.

for that. I will write you as soon as
I find out definitely if I am going
to Jefferson or not.

I like school fine but you really
have to be good here. We are busy
all the time and don't have
much time off. I really hope I can
get through the school here but
don't think it's not tough.

I saw Fielding today and
he really looks good. I didn't get
to talk to him long because I
had to ~~to~~ go on guard duty, which
we do often, but I talked to him
for about an hour or so. He thinks
he is going to Normon for ordnance.
Most everybody wants ordnance because
the school is much easier than
A. B. M.

FRANK MYRON BASS

If you once get through A.B. M.
It is much easier than ordnance,
however.

I went to church here today
on the base. The church here isn't
near as big or as pretty as the one
in Jay.

There is a boy here that is from
W. Allentown named Sam Duval.
He is in his 9th year and he helps
me alot.

If I ~~get~~ ever get these
wings I really will have
earned them.

Love

Frank
