Dear Folks,
Well there's not much to write but I'll try
to drop you a line anyway.

I had a letter from Joe Elmer. 740
was sent from San Francisco to San Luis
Obispo which is about 100 miles south
of here. We didn't have his P.O. address
on the letter but I guess he will be
shipping out soon anyway.

My application for Flight Training
has gone in, I guess I told you that before.
It passed the exams easily. I don't
know if anything will come of the application
but at least it will go into file in
Washington.

We are going to one or two classes
a day, but really aren't doing very
much. We get a little training in
everything, but not very much training
of anything. We get a little Japanese language
from Alwin Japs. We have a book
giving words + phrases in English tho
in Japs writing and then it gives the
way it sounds in English.

As to when we will leave, no one
knows, it may be a year or a day.

You ask me about going to church.
We haven't been going to church here
because they have no Methodist, Baptist
or Presbyterian churches here. In fact they
have very few churches and the ones
they have are very small.

The churches they have here are ones I'd never
heard of before such as the church of the
Wayward Traveler etc. I did go to
a Methodist church in San Francisco
once though. I didn't go to the church
on the boat I'd ordered because it was
a boat of 2 miles walk from the place
I stayed. They have a chapel here at
Presidio but they have no Chaplain
Case has no Chaplain in it either
you ask me what I plan to do
when the war is over. Well I don't really
know. I guess I will go back to college
but I don't know what I want to
study or anything else much.

That's all
Bob

for Angeles.
