Okinawa June 13, 1945

Dear Folks,

Well as you can see we have typewriters on Okinawa and I trying to peck out a letter. I don't know much to say except the same old stuff. The other day I received 2 V Mail letters from Panalee and some old Records.

I have been taking some pictures and have found a place to get them developed. I will send you some of them as soon as possible.

We have an Ice cream machine and have been making ice cream all day. WE are probably the ^{only} bunch on the island that have one and I guess we are really to have it. We also have electric lights in our tent. Getting back to the pictures I still have \$4 rolls of film left but could use some more if you can get any. (size 6 ~~100~~ 16)

The weather here is very nice now and you would never know how hard it has rained here. The mud clears up fast in the sun.

My typing is terrible and it's too slow to please try to finish the letter this way.

I am feeling fine and I wouldn't be surprised if I'm not gaining weight. I like ice cream will really do it.

Right now I am in an air B and I'm listening to a Gop propaganda broadcast. I enjoy listening to them. They are really amusing. I think if the Gop realized how much equipment we have they would quit. I didn't realize that we had so much surplus until I got here. I still get sick every time I see an airplane and really wish I could be

We are presently the only bunch on the island that have one and I
guess we should have it. We also have electric lights in our
tent. Getting back to the pictures I will have 24 pictures of Tim &
let's see, could be some more if you can get any. (also 6 pictures)

P.S. No your letter so not answered.
is very nice now and would never know how hard
it has been. The mud clears up fast in the sun.
