Dear Dad,

I received your letter today with the enclosed letter from Mr. Lyle. I was very glad to get it. They have been telling me here at the personnel office that they are too busy to send in any applications for enlisted men, but I notice where they have been sending in quite a few for officers. Maybe if I show them the letter from Mr. Lyle they will get on the ball, and when it goes in I will let you know.

Lyle seems to me to really be on the ball as a congressman, and I am amazed at ^{the} speed in which he acted. I hope to get the application sent in as soon as possible, before the year quota gets filled up. I haven't gotten the letter from him he mentioned, but I guess I will get it soon.

P.S. Write to new address Love

Frank
