Dear folks

I've been getting behind on my writing so here goes another letter. There's not much that I know to write about so I guess I'll tell you a few of the brighter points of life here.

The show is pretty good (we come every other night) they have cold cakes for sale and a pretty fair P. X. where you can buy candy, gum cigarettes etc. They just built a good size gymnasium but as a recreation hall. They have a ping-pong table, a library, a radio + Record Player. They have a good movie here about every other night. The one tonight is "The Great John G.". There is a nearby beach which is much better than the highly Waikiki beach in Honolulu.

I had a letter from Bob Shelton today and he said they had been working out for football. He said Gerald was on 3rd string but he expected him to come up.

Love
Frank
