Sept. 3, 1945

Dear folks,

I received another package from you yesterday with newspapers and a jar of olives and a can of fried chicken and of course I was glad to get it.

Today is v-J day back there in the states. I sure wish I could be there to celebrate but out here I don't feel like celebrating. I will ever want to celebrate is getting out of this Navy. They think there going to keep the 18 year olds in for a while a long while, but here; one there going to have trouble with if they do. The fellows with enough points are already leaving here and they are really a happy bunch.

I don't imagine that there is any chance of hearing from V-5 but I will you would write Rep. Lyle and then, Kris for me for the interest he showed and the letter he wrote us.

Football season will be starting soon and be sure and send me clippings.

Love
Frank

I really don't have time to

spare for a walk visit now but
will come after you if will make
it easier on you. Or will meet
you in Astoria whenever you
stay.
